

**TOP  
TIPS**

for staying safe on  
social media

# TOP TIPS

## to protect yourself...

Have a strong password and a different password for each social media account. **NEVER** share them with anyone.

Don't have public accounts: keep them on private

Only accept and follow people you know.

Block and report if you're unsure about something.

If you are ever in trouble online, tell someone. A friend, a family member, a teacher. It is best for someone to know.
